Transportation Security Officer Job Overview

If you successfully complete the Transportation Security Officer (TSO) candidate evaluation process and are selected for a position, you will play a vital role in supporting the Department of Homeland Security (DHS) mission. This fact sheet highlights some of the unique operational requirements.

SIGN-ON BONUS

TSA is offering a sign-on bonus of up to \$2,000 for this location. \$1,000 after onboarding and an additional \$1,000 after one year of service. This initiative applies to TSO new hires that onboard by September 30, 2022.

Work Schedules

TSO work schedules are based on the operational needs of the airport and may include non-traditional shifts, weekends and holidays.

Due to the nature of the job, virtually no flexibility is offered to accommodate personal commitments or schedules. TSA does allow one-way trades and shift trades under the Collective Bargaining Agreement.

AUS is currently assessing candidates for part-time positions. Those shifts are:

- Five (5) days of five (5) hours per day during the morning, afternoon and evening shifts.

Specific shifts are assigned after new hires successfully complete their training and are subject to periodic adjustments to meet changing operational needs. TSA employees are considered emergency personnel and are expected to report for duty during inclement weather regardless of state and local restrictions on travel.
